PLAN PROVISIONS

A. PLAN PAYMENT

Mailing address: All plan payments shall be payable to "Richard V. Fink, Trustee", shall include the debtor's name and case number and shall be mailed to Richard V. Fink, Trustee, P.O. Box 1839, Memphis, TN 38101-1839.

Commencement date: Plan payments shall commence within 30 days of the petition date. Once a plan is confirmed, that plan payment remains in effect until such time as the court confirms a subsequent amendment.

Employer wage order: If the box for voluntary wage assignment to the employer is checked and the employer address is not provided, the wage order shall be issued directly to the debtor. If neither box in paragraph 1 is checked, the wage order shall be issued directly to the debtor. Full and timely payment is the debtor's responsibility if the voluntary wage assignment has not gone into effect or if the employer does not remit the full plan payment amount. The trustee also may cause an order to remit plan payments to be issued to the debtor's employer pursuant to LR 3083-1.

B. DISTRIBUTIONS TO CREDITORS

Proof of claim: The trustee shall only distribute payments, including adequate protection payments, to creditors who have filed proofs of claim. If the plan provides for the debtor to make payments directly, then the failure of the creditor to file a proof of claim does not excuse the debtor from making the required direct payments. If the debtor is to make direct payments to a creditor, those payments must be paid pursuant to the terms of the contract regardless of whether the plan is confirmed. However, if the trustee is to pay any portion of a claim, then it is necessary for the creditor to file a proof of claim to receive the portion of the claim to be paid through the trustee.

Order of distributions: The trustee shall distribute to creditors, absent other order of the court, based on the confirmed plan, filed and allowed proofs of claim, and the notice to allow claims and any subsequent notices to allow additional, adjusted or amended claims. See LR-3084-1 and LR 3085-1. The manner and order of distribution to creditors shall be determined by the trustee unless otherwise clearly set out in the plan as confirmed.

Case 13-61294-can13 Doc 19 Filed 09/11/13 Entered 09/11/13 12:34:44 Desc Main Revised 12/01/2010 Document Page 6 of 9

Creditor mailing address/assignments or transfers: The trustee shall mail payments to the address provided on the proof of claim unless the creditor provides another address in writing for payments or the trustee receives other official, written notice of a change of address. If the claim is assigned or transferred, the trustee shall continue to remit to the original creditor until an assignment or transfer of claim is filed with the court.

Payment of claim after lifting of stay: The trustee shall continue to make payments to any creditor with a filed and allowed claim after an order granting relief from the stay is entered or the stay is otherwise not in effect. The trustee shall cease making payments pursuant to LR 3086-1 only if:

- a. an objection to the claim is filed and an order is entered disallowing the claim;
- b. the claim is withdrawn by the creditor; or
- c. the creditor advises the trustee in writing to cease making payments to it.

C. ADMINISTRATIVE COSTS

Trustee's fees: Trustee's fees shall be collected from each payment disbursed by the trustee regardless of whether it is paid pre- or post-confirmation. See 28 USC §586, §1326, LR 3086-1.

Debtor's attorney's fees: Attorney fees shall be paid from the plan payments pursuant to LR 2016-1 unless a different treatment is provided in paragraph 13 and the court issues a specific order regarding that proposed treatment. The confirmation of the plan without that separate, specific court order shall not permit attorney fees to be paid contrary to the equal monthly amount specified in paragraph 2. All attorney fees paid contrary to that paragraph or other order of the court are subject to disgorgement.

D. PRIORITY CLAIMS

Treatment: Section 1322(a)(2) provides that all claims entitled to priority under §507(a) shall be paid in full in deferred cash payments, except when §1322(a)(4) applies to §507(a)(1)(B) priority claim, unless the holder of a particular claim agrees to a different treatment of such claim. All priority claims, regardless of the underlying basis for the claim, are similarly classed for purposes of distribution under this plan unless otherwise specified in paragraph 13 or other order of the court. Priority creditors shall not receive interest on their claims unless otherwise specified in the plan or other order of the court.

Classification: All priority creditors, including DSO's, with a filed and allowed claim for whom an EMA is provided in paragraph 13, shall be grouped for distribution purposes with any creditor for whom an EMA is provided, including secured claims and debtor's attorney's fees. All priority unsecured creditors, including DSO's, with a filed and allowed claim for whom an EMA is not provided, shall be grouped for distribution purposes with any secured creditor being paid pro rata as funds are available for that class of creditors.

E. LONG TERM REAL ESTATE MORTGAGES (RESIDENTIAL & NON-RESIDENTIAL) & OTHER LONG TERM DEBTS PURSUANT TO §1322(b)(5) AND EXCEPTED FROM DISCHARGE PURSUANT TO §1328(a)(1)

Interest rate for pre-petition arrearage: All pre-petition arrearages, whether scheduled or unscheduled, shall be paid 0% interest pursuant to §1322(e) unless otherwise specified in the plan or ordered by the court. If a portion of the pre-petition arrearage is entitled to interest, the treatment should be clearly specified in paragraph 13 as to the amount to be paid interest and the applicable interest rate. If the proof of claim is filed with no information regarding the portion to be paid interest, the trustee shall pay interest on the amount indicated in the plan. If no specific interest rate is provided and the plan provides for interest, the trustee shall use the Chapter 13 Rate in effect for the case.

Post-petition mortgage payment change: A "Notice of Payment Change" shall be filed with the court and served on the debtor, the debtor's counsel and the trustee no later than sixty (60) days prior to any payment change and shall contain the information required pursuant to LR 3094-1(C)(3).

Pre-confirmation adequate protection payments on claims secured by real property: The trustee shall distribute adequate protection payments to real property creditors being paid from the plan payments pursuant to LR 3086-1(E).

F. LIEN RETENTION

The holder of a secured claim shall retain its lien, until the earlier of the payment of the underlying debt determined under non-bankruptcy law or the discharge under §1328 and, if the case is dismissed or converted without completion of the plan, the lien also shall be retained by such holder to the extent recognized by applicable non-bankruptcy law. §1325(a)(5)(B).

G. LIEN AVOIDANCE

Secured creditors with a non-purchase money security interest in consumer goods may be subject to lien avoidance per §522(f), and treated as non-priority unsecured only if a separate motion/action is filed and the court enters an order avoiding the lien.

H. SECURED CREDITORS HOLDING A PURCHASE MONEY SECURITY INTEREST ENTITLED TO RECEIVE ADEQUATE PROTECTION

Pre-confirmation adequate protection payments:

- a. How made: All adequate protection payments to secured creditors listed in paragraph 7 required by §1326(a)(1) shall be made through the trustee pursuant to LR 3086-1 unless otherwise ordered by the court. A creditor shall not receive adequate protection payments if the plan does not provide for such creditor to be treated as secured in paragraph 7. In order for such creditor to receive adequate protection payments, the debtor must amend the plan to so specify that creditor's treatment as secured and to provide an equal monthly amount for that creditor or the creditor must file an appropriate motion for adequate protection with the court and obtain an order. Creditors may file objections to the adequate protection treatment provided by the plan.
- b. Proof of claim required: All creditors listed in the plan in paragraph 7 shall receive adequate protection payments pursuant to §1326(a)(1), with the trustee releasing such payments to each creditor only after a proof of claim is filed with the court. Adequate protection payments shall be paid from the second month following the petition or conversion month through the confirmation month. The principal amount of the adequate protection recipient's claim shall be reduced by the amount of the adequate protection payments remitted unless the court orders otherwise.
- c. Long term personal property claims: Any personal property debt that qualifies as a long term debt and is listed in paragraph 4 for which pre-confirmation adequate protection payments are required shall be paid adequate protection payments.

I. SECURED CREDITORS - SURRENDER PER §1325(a)(5)(C)

Time of surrender: Debtor shall surrender collateral no later than thirty (30) days from the filing of the petition unless otherwise specified in the plan.

Automatic stay: Any repossession/foreclosure prior to confirmation of this plan must be obtained by a filed motion and court order, unless the automatic stay no longer applies under §362(c). Upon plan confirmation, the automatic stay shall be deemed lifted for the collateral identified for surrender and the creditor need not file a Motion to Lift the Stay in order to repossess, foreclose upon or sell the collateral. Nothing herein is intended to lift any applicable co-debtor stay, or to abrogate debtor's state law contract rights.

Deficiency claim: If a deficiency claim is filed, it shall be allowed unless the column titled "Surrender In Lieu of Entire Debt" has a mark of any kind in it. If there is any mark in said column, the trustee shall populate the database as "surrendered in lieu of the entire debt," including any non-priority unsecured portion.

J. DEFINITIONS

Arrearage: Any arrearages listed are the debtor's best estimate of the amount owed as of the date of the petition. The trustee shall pay arrearages based on the filed and allowed proof of claim pursuant to Local Rule 3084-1. If no arrearage amount is shown on the proof of claim, none shall be paid.

Base plans:

- a. Base amount: The base amount ("Base") shall be calculated by multiplying the number of months proposed in a base case by the monthly plan payment. If the monthly plan payment changes, the base shall be adjusted accordingly.
- b. Adjustments to Base: The Base may be adjusted upward to accommodate proofs of claim and amended proofs of claim filed and allowed after the bar date and to accommodate increases in long-term continuing debts being paid through the trustee from the plan payments remitted by the debtor. The Base may be adjusted at the end of the plan in order to allow a full monthly payment in the last month of the plan to any creditor receiving long term debt payments through the trustee. The Base may be adjusted upward due to any additional funds the debtor receives which are determined to be disposable income either by agreement of the debtor and the trustee or by order of the court regardless of source. If the debtor remits sufficient funds to the trustee to pay off the case in full, e.g. 100% to all filed and allowed unsecured creditors; the trustee may adjust the plan to a 100% plan for filed and allowed unsecured creditors without further order of the court.

7

- c. Payment of non-priority unsecured creditors: Filed and allowed non-priority unsecured creditors shall be paid their pro rata share, as funds are available, of plan payments available after the satisfaction of administrative expenses, secured claims (including interest), priority unsecured claims and after all long-term debt payments being paid through the trustee are current.
- d. Length of Base: Because the total funds paid into the plan must be sufficient to satisfy the administrative expenses, secured claims and priority unsecured claims, the plan may actually run longer than the number of months needed to satisfy the Base. Any adjustments made to the Base that results in the Plan running in excess of the sixty-month statutory time limit of §1322(d) may result in the trustee filing a motion to dismiss.

Applicable commitment period: If the trustee or an unsecured creditor objects to confirmation of a plan pursuant to §1325(b)(1)(B), the debtor shall devote to the plan all disposable income for payment to unsecured creditors for the applicable commitment period from the date that the first plan payment is due, as defined in §1326(a)(1), unless the plan provides for payment in full of all filed and allowed unsecured claims over a shorter period. Regardless of whether the trustee objected to the confirmation of the plan pursuant to §1325(b)(1)(B). the trustee may file a Motion to Amend Plan pursuant to §1329 to a Base plan or a Pot plan if the plan as filed and confirmed will pay all administrative expenses and filed and allowed secured and priority creditors in a period of time that is less than the applicable commitment period. This includes plans running less time than anticipated due to the lifting of the automatic stay, secured or priority claims being allowed for less than the scheduled amount or not filed at all, withdrawn claims, lien avoidance or disallowance of claims or plans running less than the applicable commitment period due to other reasons. The trustee or the debtor or an allowed unsecured claimant may also file a Motion to Amend Plan pursuant to §1329 if there has been a postconfirmation change in circumstances that would allow the debtor to pay a dividend or an increased dividend to non-priority unsecured creditors.

Equal monthly amount (EMA): Claims with EMA's may receive more than the EMA and may receive those additional funds prior to payments being made to non-priority unsecured creditors.

Long term debt: A long term debt is one in which the final payment due under the terms of the contract comes due after the final Chapter 13 plan payment comes due.

Pot plans:

- a. Liquidation analysis pot (LAP): The LAP shall first be used to satisfy pre-confirmation debtor's attorney's fees being paid from the plan payments and filed and allowed priority claims. Any funds remaining in the LAP after the satisfaction of those claims shall be paid to filed and allowed non-priority unsecured claims. If the LAP is less than or equal to the sum of the pre-confirmation debtor's attorney's fees being paid from the plan payments and the filed and allowed priority claims, the filed and allowed non-priority unsecured claims shall receive zero percent (0%), unless the plan runs short of the applicable commitment period. See paragraph J(iii). Filed and allowed special or co-debtor nonpriority claims shall not receive more than their pro rata share of any funds available for distribution to filed and allowed non-priority claimants from the LAP; if the plan provides for filed and allowed special or co-debtor non-priority claims to be paid more than the other filed and allowed non-priority unsecured claimants, then the debtor shall pay to the trustee the additional funds necessary to satisfy those claims.
- b. Disposable income pot (DIP):
 - 1. Above median debtors (DIP-60): If the debtor has disposable income as defined in §§1325(b)(2) and (b)(3) and the applicable commitment period as defined in §1325(b)(4)(A) is not less than five (5) years, the DIP amount shall be the amount of the monthly disposable income on form B22C multiplied by 60.
 - 2. Below median debtors (DIP-36): If the debtor has disposable income as defined in §§1325(b)(2) and (b)(3) and the applicable commitment period as defined in §1325(b)(4)(A) is not less than three (3) years, the DIP amount shall be the amount of the monthly disposable income multiplied by 36.
 - Sharing in the DIP: The DIP shall first be used to satisfy pre-confirmation debtor's attorney's fees being paid from the plan payments and filed and allowed special or codebtor non-priority unsecured claims. Filed and allowed priority claims are not deducted from the DIP-60 as they already have been deducted on the form B22C. Filed and allowed priority claims are deducted from the DIP-36. Any remaining funds in the DIP shall be paid to filed and allowed non-priority unsecured claims. If the DIP is less than or equal to the sum of the pre-confirmation debtor's attorney's fees being paid from the plan payments and filed and allowed special or co-debtor non-priority unsecured claims, the

filed and allowed non-priority unsecured claims shall receive zero percent (0%), unless the plan runs short of the applicable commitment period. See paragraph J(iii) above.

- c. Adjustment to dividend for both LAP plans and DIP plans: After the dividend to non-priority unsecured creditors is set, the trustee will not adjust the percentage to accommodate proofs of claim and amended proofs of claim filed and allowed after the bar date. If the debtor believes that adjustment of the percentage is required, it will be the responsibility of the debtor to amend the plan. If the debtor determines that an adjustment is required, it will be the responsibility of the debtor to determine an appropriate percentage and file an amended plan to set the dividend to that percentage. Any such amendment to the plan shall reflect the dividend which previously has been set and shall provide a dividend that will comply with §1325(a)(4) and must be at least equal to any distributions already made to non-priority unsecured creditors.
- d. **Trustee's avoidance powers:** If the trustee avoids a transfer of an interest of the debtor in property and recovers funds in a total amount equal to or greater than three thousand dollars (\$3000.00), the recovered funds shall be distributed to unsecured creditors pursuant to the provisions of a LAP plan listed above.
- vii. Value of collateral: The value of collateral listed is the debtor's best estimate. The trustee uses the value sted on the face of the filed proof of claim, if one is listed, pursuant to Local Rule 3084-1 when populating the database with the proof of claim. If the value of the collateral is not provided on the face of the proof of claim or in the plan or schedules, the claim shall be treated as a non-priority unsecured claim.
